### **Computational Thinking: What and Why?**

Computational Thinking: What and Why? Jeannette M Wing 17 November 2010 In my March 2006 CACM article I used the term “computational thinking” to articulate a vision that everyone, not just those who major in computer science, can benefit from thinking like a computer scientist [Wing06] So, what is computational thinking?

### **We Do Recover**

We Do Recover When at the end of the road we find that we can no longer function as a human being, either with or without drugs, we all face the same dilemma What is there left to do? There seems to be this alternative: either go on as best we can to the bitter ends—jails, institutions or death—or find a ...

### **Why divide by (n - 1) instead of by n**

Why divide by (n - 1) instead of by n when we are calculating the sample standard deviation? To answer this question, we will talk about the sample variance  $s^2$  The sample variance  $s^2$  is the square of the sample standard deviation  $s$  It is the “sample standard deviation BEFORE taking the square root” in ...
